Dear Parents/Guardians:

In this document you will find information regarding the administration of the state/federally mandated standardized assessments for the 2023-2024 school year. Please refer to the District website for the specific testing dates for each school in West Deptford. I have also enclosed some information about our in-house District assessments.

## Mandatory Parental Notification of Standardized Assessments

New Jersey has administered statewide assessments since the 1970s, and over the years, the testing program has evolved. It began as a measure of basic skills, and after 1996, it has assessed the state's academic standards. In 2001, under the federal No Child Left Behind Act, every state was required to test students in Mathematics and English Language Arts (ELA) in grades 3 to 8 and grade 11. That mandate is still in effect under Every Student Succeeds Act of 2015.

If a student is permitted extra time or any other accommodation by their IEP, parents/guardians should contact their classroom teacher, guidance department, and/or their child's case manager for additional details on the specific accommodations and accessibility options. The resources for testing accommodations can be accessed through the following [LINK](#).

In West Deptford Township Schools, we also use a variety of vendor-based assessments to monitor our students and their progress. The following assessments will be administered to our students over the course of the 2023-2024 school year. The testing windows for these assessments are subject to change. Please contact your child's teacher if you wish to know if the testing window has changed.
